REQUEST FOR PROPOSALS

SR 167 PUYALLUP RIVER/MERIDIAN STREET BRIDGE RELOCATION AND REUSE

ADDENDUM NO. 2
ISSUED JULY 24, 2018

Page 6 will be amended by adding the following information under Section 3.4:

- A listing of all anticipated permits needed both at the current site and the future site of the relocated bridge. This should include copies of correspondence with permitting agencies clarifying expected permits for the sites. The anticipated list of permits and the duration for acquiring each permit should be included in the critical path schedule.
- The bridge contains lead-based paint. Proposers should include language in the Plan that addresses the management of the lead-based paint at both sites.
